

## **Escena Community Association**

### **Notice to Community May 29, 2025**

On March 18, 2025, a resident of Escena was bit by a dog belonging to another resident.

The Board of Directors of the Escena Community Association has taken action to require that the dog involved in this incident be muzzled when in the community. The dog in question is a Black Merle Great Dane with white markings on either side of its face and on its chest.

We pride ourselves in being a “dog friendly” community. We remind everyone to respect our dogs and pay attention to actions that will assure safety for all. All dogs must be on a leash when in the community. The only exception is the gated Dog Park.

When approaching a dog in the community that you do not know, respect its distance and ask the owner if it is safe to approach the dog. Dog owners should alert others if they know that their dog may be aggressive at times.

Those who use the Dog Park should police themselves. If your dog has aggressive tendencies, you should consider using the Dog Park at times when others are not present. All dog owners should use caution when other dogs are present.

Designs and bids are being finalized for a double gate entry system for both sides of the existing Dog Park. The Board expects to finalize a decision at the June Board meeting. We believe the double gate entry system will provide greater security for all dogs.

Thank you for your consideration.
