In past years many residents of Escena have felt impacted by the noise from Splash House. Despite requests the City of Palm Springs has not updated their noise ordinance, so residents may again be impacted.

The attached letter provides information on the mitigations that Splash House will implement to meet the current City ordinance.

The Escena Neighborhood Organization will be providing access to our community to staff from the City of Palm Springs so that they can monitor noise from the events.

Residents can contact the Splash House Community Liaison, Darren Carrol, directly at **(310) 200-5839** before and during the events with concerns and questions.

Residents can also call the Palm Springs Police Department to register noise complaints. The number to use for this is **(760) 323-8116**.
